

The Plymouth Student Scientist

Student and Project Advisor Consent Form

Student

I have read the Student Information Sheet concerning this project and understand what it is about. All my questions have been answered to my satisfaction. I understand that:

1. My participation is entirely voluntary; I can refuse permission for my work to be used without any disadvantage to myself.
2. My work will be stored electronically at the University of Plymouth and will be disseminated on the internet via the e-journal 'The Plymouth Student Scientist'. It may be accessed by staff and students for a variety of online learning activities, in particular to support the development of research skills. It may also be accessed by individuals outside the University for the same purposes.
3. My participation in this activity has been discussed with my project advisor.
4. My work is entirely my own. I am responsible for obtaining copyright permission for reproducing any illustrations, photographs, tables, or figures previously published elsewhere, and for crediting the source and copyright in the accompanying captions. Any material without copyright permission may be edited from my work.
5. The intellectual property rights for any published articles will be shared between the author and the Project Advisor on behalf of the University of Plymouth.

I agree that my work can be used in this project.
